

XSound3

HELMET SPEAKERS

Congratulations on your purchase of IASUS Concepts XSound 3 Helmet Speakers.

The XSound 3 Helmet Speakers are a premium sound system designed specifically for helmets. Each of the ultra-thin speaker headphones contains a premium full-range audio driver and is lined with 3M Velcro for secure attachment in full-face and some half-face helmets.

The XSound 3 Helmet Speaker System consists of two padded high-fidelity headphone speakers that fit comfortably into the space between the helmet and your ear. Also included is a connector cable, pad spacers, foam sleeves, and velcro sticker patches. An optional premium volume control cable is also available.

You must register your product to be eligible for warranty service. Visit www.iasus-concepts.com to register online. To receive warranty service, you will need to provide a copy of your dated sales receipt to confirm warranty status. Please retain the original copy for your records.

USE AND CARE

- Follow all operating guidelines and parameters of the mobile media device with which you are using the speakers.
- Keep speakers clean and dry.
- Do not attempt to disassemble the speakers.
- Do not drop, knock, or shake the speakers.
- Do not use harsh chemicals, cleaning solvents, or strong detergents to clean the speakers.

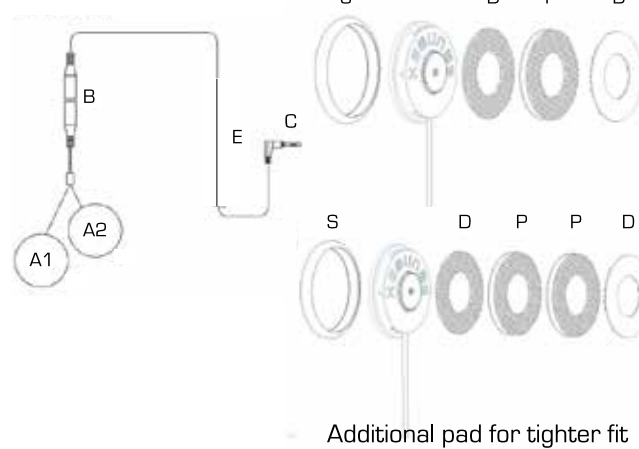

CAUTION

It is dangerous to ride a motorcycle or engage in sports activities without being aware of your environment. It may be illegal in some areas. Only use XSound 3 Helmet Speakers at volume levels at which you can still remain alert to your surroundings.

Do not operate your portable media player at high audio volumes when using XSound 3 Helmet Speakers.

Hearing experts advise against continuous exposure to high volume levels. If you experience ringing in your ears, discontinue using the speakers.

GETTING STARTED

- A1, A2 Padded speaker earphones
- B Male/female jack connector
- C 3.5 mm Plug for portable media device
- D Velcro Sticker Patches
- P Velcro pad
- S Foam Sleeve
- E Extension cable

TROUBLESHOOTING

Problem	Check to make sure that...
No Sound	<ul style="list-style-type: none"> ...your portable media device is turned on and has power. ...the volume on the portable media device is not set too low. ...the plugs into the connector cord/volume cable and into the media player are fully inserted.
Crackling Noise/ Distortion	<ul style="list-style-type: none"> ...the volume is not too high.
Low Volume/ Lots of Treble	<ul style="list-style-type: none"> ...Check to make sure the included velcro foam pads are used to ensure the XSound 3 is mounted to make very slight contact with your ears when wearing the helmet. Failure to do so may result in crackling and/or permanent damage to speakers.

For more help with troubleshooting, please contact your IASUS Concepts dealer or visit the IASUS Concepts website at www.iasus-concepts.com.

USING YOUR XSound 3

1. Separate the Velcro sticker patches and remove the white backing to attach to helmet speaker. The textured side should be attached to the XSound 3 while the soft side will be attached to the helmet ear cavity.
2. Included are foam pad spacers with velcro to attach to helmet speaker after velcro patches are attached. Pending the space of the ear cavities inside the helmet, we recommend using either one or two velcro pads per side, as the XSound 3 should rest right on the user's ears for optimum audio performance. Any space in between will result in low volume and poor audio quality.
3. Affix the padded speakers to the helmet by matching up the Velcro pieces. Make sure to place the correct helmet speaker to the correct side. There are L and R reference markings on the XSound 3.
4. The XSound 3 has foam covers and an optional foam sleeve cover for additional comfort for perspiration. The sleeves are designed to fit over the foam covers and should not be used independently. Plug the headphones into your mobile media player. Your helmet speakers are now operational.

1-YEAR LIMITED WARRANTY

IASUS Concepts, Limited warrants that the XSound 3 Helmet Speakers sold by IASUS Concepts or its authorized agents is free from defects in materials and workmanship under normal use for one year. This warranty is only applicable to the original purchaser in possession of a dated sales document receipt that includes the name of the company from which it was purchased. This warranty is in lieu of and excludes all other warranties, expressed or implied, including any implied warranty of merchantability or fitness, and of any other obligation on the part of IASUS Concepts, Limited.

WHAT THIS WARRANTY DOES NOT COVER

- Damage from improper operation, misuse, neglect such as dropping the product onto hard surfaces, contact with extreme humidity or heat, or acts of nature (lightning, floods, power surges etc).
- Products that may have been tested, adjusted, installed, maintained, repaired or altered in any way by persons not expressly approved by IASUS Concepts Limited.
- Cords that are stretched, burned, torn, or cut.
- Products purchased more than 12 months previous to the current date.
- Products that are not accompanied by a valid proof of purchase.

TO REGISTER FOR YOUR WARRANTY

You must register your product to receive warranty service. To do so and to view detailed information about our warranty services, please visit www.iasus-concepts.com

TO OBTAIN WARRANTY SERVICE FROM IASUS

Please contact our customer service department via our website. Once you have done so, you will receive instructions on how to ship the products to IASUS Concepts or to one of our designated service centers. If instructed to ship the product, you must ship it with freight, duties, and insurance prepaid. Regardless of where you are instructed to ship your product, you must include:

- A copy of your dated sales document receipt.
- A fully completed Return Materials Authorization (RMA) form. You can download a copy of the RMA on the IASUS Concepts website.
- Payment for any services or repairs not covered by the warranty. This will have been predetermined with your customer service representative.

LEGAL INFORMATION

There is no informal dispute settlement mechanism available. This warranty gives you specific legal rights, and you may also have other rights, which vary geographically. Some areas do not allow limitations on how long an implied warranty lasts and/or do not allow the exclusions of limitations or consequential damages. If this is true for your area, the above limitations or exclusions may not apply to you. IASUS Concepts shall not be liable for any special or consequential damages or for loss or expense directly or indirectly arising from use of the product, inability to use the product in combination with other equipment, or from any other cause. IASUS Concepts reserves the right to make changes in the design of the product and to make additions or improvements to it without incurring any obligation to modify any products previously sold.
